

Wednesday 19 June 2013

9.00	9.30	Registration + Coffee & Tea			
9.30	9.35	Welcome			
9.35	10.35	Keynote Nick Enfield 'Cross-Cultural Differences in Gesture: Conceptual Preliminaries'			
10.35	10.55	Coffee & Tea			
10.55	12.15	Session 1:			
	10.50	11.10	Federica Cavicchio & Sotaro Kita Bilinguals Switch Gesture Production Parameters when they Switch Languages		
	11.10	11.30	Yan Gu, Lisette Mol, Marieke Hoetjes & Marc Swerts What can Chinese speakers' temporal gestures reveal on their thinking about time?		
	11.30	11.50	Coriandre Vilain, Anne Vilain & Jeanne Clarke 'The pig with the pink hat': An experimental study on speech/gesture coordination during development		
	11.50	12.10	Gerardo Ortega & Asli Özyürek Gesture-sign interface in hearing non-signers' first exposure to sign		
12.15	14.30	Lunch & Posters			
	12.45	14.30	Poster session 1		
	Paraskevi Argyriou & Sotaro Kita Left-Hand Gestures Advantage on Metaphor Explanation: Evidence for Gestures' Self-Oriented Functions		Kirsten Bergmann, Florian Hahn, Stefan Kopp, Hannes Rieser & Insa Röpke Integrating Gesture Meaning and Verbal Meaning for German Verbs of Motion: Theory and Simulation		Yosra Bouzid & Mohamed Jemni Gesture synthesis from SignWriting notation
	Onno Crasborn, Micha Hulsbosch, Lari Lampen & Han Sloetjes New multilayer concordance functions in ELAN and TROVA		Daniela Dvoretzka & Hedda Lausberg Verbal and Nonverbal Intelligence Show Different Patterns of Hand Movement		Chloe Gonseth, Anne Vilain & Coriandre Vilain Gesture/speech interaction in the perception of lexical units
	Kathrin Janowski, Felix Kistler & Elisabeth André Gestures or Speech? Comparing Modality Selection for different Interaction Tasks in a Virtual Environment		Renia Lopez-Ozieblo Gestures in Turn Taking in Early Stages of Foreign Language Fluency: Does the Growth Point Explain the Patterns?		Ingrid Masson-Carro, Martijn Goudbeek & Emiel Krahmer The influence of cognitive load on repeated references in speech and gesture
	Arne Nagels, Tilo Kircher, Miriam Steines & Benjamin Straube The influence of body posture and gesture on the evaluation of verbal utterances addressment and comprehensibility		Victoria Nyst Documenting West African gesture repertoires		Steven Schoonjans The Distribution of Downtoning Gestures
	Harald Skomroch, Kerstin Petermann, Ingo Helmich, Daniela Dvoretzka, Robert Rein, Zi-Hyun Kim, Uta Sassenberg and Hedda Lausberg Gender Differences in Hand Movement Behavior		Benjamin Straube, Miriam Steines, Tilo Kircher & Arne Nagels The effect of emblematic and tool-use gestures on abstractness evaluations of verbal utterances		Kai Tuuri & Antti Pirhonen Gestural expressions in use for unveiling dynamic experience attributed to verbs
					Heather Brookes, Jean-Marc Colletta & Alice Owendale Polysigns and information density in teachers' gestures
					Maria Graziano & Marianne Gullberg Gesture production and speech fluency in competent speakers and language learners
					Ruud Mattheij & Eric Postma Feature-based hand detection in visual images
					Kazuki Sekine & Sotaro Kita Use of spatial information from cohesive gesture to comprehend subsequent sentences
					Tim Vanbellingen, Rahel Schumacher, Noëmi Eggenberger, Simone Hopfner, Dario Cazzoli, Basil Preisig, Manuel Bertschi, Thomas Nyffeler, Klemens Gutbrod, Claudio Bassetti, Stephan Bohlhalter and René Müri Disturbed visual exploration of communicative gestures in aphasic patients: Evidence from eye movement analysis

14.30	15.50	Session 2:	
14.30	14.50	Spyros Kousidis, Zofia Malisz, Petra Wagner & David Schlangen Exploring Annotation of Head Gesture Forms in Spontaneous Human Interaction	
14.50	15.10	Marie Postma Nilseova, Eric Postma, Martijn Balsters, Emiel Krahmer, Juliette Schaafsma , Lisette Mol, Ad Vingerhoets & Marc Swerts Automatic Detection of Hand/Upper Body Movement and Facial Expressions as Cues to Feelings of Exclusion	
15.10	15.30	Jaana Parviainen, Kai Tuuri, Antti Pirhonen, Markku Turunen & Tuuli Keskinen Gestures within Human-Technology Choreographies for Interaction Design	
15.30	15.50	Matthias A. Priesters & Irene Mittelberg Individual differences in speakers' gesture spaces: Multi-angle views from a motion-capture study	
15.50	16.10	Coffee & Tea	
16.10	17.30	Session 3:	
16.10	16.30	Mary Lavelle, Chris Howes, Patrick G.T Healey & Rosemarie McCabe Speech and hand movement coordination in schizophrenia	
16.30	16.50	Karin van Nispen, Mieke van de Sandt-Koenderman, Lisette Mol & Emiel Krahmer Differences in the communicative use of gesticulation and pantomime in a case of aphasia	
16.50	17.10	Katharina Hogrefe, Wolfram Ziegler, Nicole Weidinger & Georg Goldenberg Gestural expression in narrations of aphasic speakers: redundant or complementary to the spoken expression?	
17.15		Drinks	

Thursday 20 June 2013

		Symposium: Theoretical and computational modelling of speech-gesture production					
9.00	10.30	Part I 'Theoretical modelling of speech-gesture production in human speakers'					
		9.00	9.45	Sotaro Kita 'Architectural issues in the model of speech - gesture production: Gesture, Action and Language'			
		9.45	10.30	Jan Peter de Ruiter 'Modelling the relation between gesture and speech in aphasia'			
10.30	10.50	Coffee & Tea					
10.50	12.50	Part II 'Computational models of speech-gesture production in virtual humans or robots'					
		10.50	11.35	Catherine Pelachaud 'Model of expressive behaviors for conversational agents'			
		11.35	12.20	Stephan Kopp 'Computation meets cognition - an integrated simulation model of speech-gesture production'			
		12.20	12.50	Discussion			
12.50	14.20	Lunch & Posters					
		13.20	14.20	Poster session 2			
		Simon Alexanderson, David House & Jonas Beskow Extracting and analyzing head movements accompanying spontaneous dialogue		Brahim Azaoui One Teacher, Two Instructional Contexts; A Contrastive and Empirical Analysis of a Teacher's Gestures		Kirsten Bergmann Integrating Multimodal Corpora into the CLARIN Common Language Resources and Technology Infrastructure	
		Peer Christensen & Kristian Tylén Gestural representation of event structure in dyadic interaction		Sara Conversano, Elena Berno, Valentina Vitali, Alessandro Nonis, Clelia Di Serio & Marco Rigamonti The role of Inter-Cultural Competence on Gestural Recognition		Daniela Dvoretzka, Jaap Denissen & Hedda Lausberg Kinesic Turn Taking and Mutual Understanding in interactive dyads	
		Yifei He, Helge Gebhardt, Isabelle Rondinone & Benjamin Straube The Missing Power: Language Mediates Sensorimotor-related Beta Oscillations during On-line Comprehension of Different Types of Co-speech Gesture		Ingo Helmich & Hedda Lausberg Hand movements that accompany verbal descriptions differ from those during gestural demonstrations		Anne Köpsel & Anke Huckauf Evaluation of Static and Dynamic Freehand Gestures in Device Control	
Eva Murillo & Almudena Capilla The coordination of vocalizations and communicative gestures in the transition to first words.		Paul Vogt, Ingrid Masson-Carro & J. Douglas Mastin Predicting vocabulary development from co-speech gestures: Duration or occurrences, that's the question.		Arkadiusz Bialek, Marta Bialecka-Pikul & Malgorzata Stepien-Nycz Responding to Joint Attention Predicts Joint Action			
		Jaakko Hakulinen, Tomi Heimonen, Markku Turunen, Tuuli Keskinen & Toni Miettinen Gesture and Speech-based Public Display for Cultural Event Exploration		Magdalena Lis Gestural representation in the domain of animates' physical appearance			
14.30	19.45	Social Event					
		14.30	Bus departure to Beekse Bergen				
		15.00	17.00	Visit Beekse Bergen			
		17.00	19.15	Barbeque			
		19.30	Bus departure to Tilburg University				

Friday 21 June 2013

9.30	10.30	Keynote Danielle Matthews: 'The pointing gesture and language learning'	
10.30	10.50	Coffee & Tea	
10.50	12.10	Session 1:	
	10.50	11.10	Marion Tellier, Gale Stam & Brigitte Bigi Gesturing While Pausing In Conversation: Self-oriented Or Partner-oriented?
	11.10	11.30	Katharina J. Rohlfing, Angela Grimmering & Kerstin Nachtigäller Which Semantic Synchrony?
	11.30	11.50	Barbara Tversky, Azedeh Jamalian, Valeria Giardino, Seokmin Kang & Angela Kessell Gestures as Diagrams: Towards a Semantics for Gesture
	11.50	12.10	Ansgar Koene, Juliane Honish, Satoshi Endo & Alan Wing Relative information content of gestural features of non-verbal communication related to object-transfer interactions
12.10	12.40	Coffee & Tea	
12.40	14.00	Session 2:	
	12.40	13.00	Ozge Alacam, Christopher Habel & Cengiz Acarturk Investigation of Haptic Line-Graph Comprehension Through Co-Production of Gesture and Language
	13.00	13.20	Simon Harrison The placement of negation gestures in relation to speech
	13.20	13.40	Lucas Bietti, Kasper Kok & Alan Cienki Temporal Aspects of Behavioral Alignment in Collaborative Remembering
	13.40	14.00	Lisette Mol, Yan Gu & Marie Postma-Nilsenová Structural Adaptation in Gesture and Speech
14.00	14.15	Best Paper Award + Closing
